

Group Support Session

COVID-19 Grief Debriefing Group Support Sessions for Family

(For Family Members of Frontline Healthcare Professionals)

Description: These Grief Debriefing Support Group Sessions are being offered to address the grief and loss needs of the family members of frontline healthcare professionals. With the growing number of hospitalized patients come the increased support needs for families of Emory Healthcare employees. Grief and loss are key and difficult realities with the COVID-19 pandemic. Family members will learn coping strategies and skills to promote resilience and emotional well-being. These group debriefing support sessions will be coordinated as needed and facilitated by a FSAP clinician.

To schedule: Contact FSAP at 404-727-WELL (9355) or efsap@emory.edu.
